HECHO EN CHINA

ADVERTENCIA: No recomendado para menores de 36 meses por contener piezas pequeñas. Mantén a los niños pequeños y mascotas alejadas de tu juguete. No sumergir. No usar cerca del fuego.

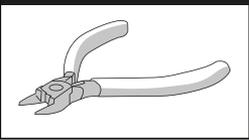

INTRODUCCIÓN:

“Peque Robótica Solar” es un juguete que fomenta la coordinación mental en los niños al ensamblar diferentes figuras: un robot, un dinosaurio, una máquina perforadora e incluso un insecto. Todos ellos funcionan con el poder de la energía solar. **NO USAN PILAS.**

La energía alternativa es el futuro del planeta, es momento de que los niños conozcan otras fuentes de poder amigables con el ambiente; que en esta ocasión es con la energía solar.

HERRAMIENTAS QUE NECESITAS CONSEGUIR:

PINZAS CON CORTADOR

CONTENIDO:

| P1 | MOTOR CON PANEL SOLAR | CANTIDAD |
|---|-----------------------|----------|
| | | |
| <ul style="list-style-type: none"> ● No conectes los cables a la terminal eléctrica. ● El producto contiene bordes funcionales y puntas afiladas. | | 1 |

| P6 | ENGRANE CON EJE CORTO | CANTIDAD |
|----|-----------------------|----------|
| | | 1 |

| P7 | ENGRANE CON EJE LARGO | CANTIDAD |
|----|-----------------------|----------|
| | | 1 |

| P2 | ENGRANE PIÑÓN | CANTIDAD |
|----|---------------|----------|
| | | 1 |

| P3 | ENGRANE (AMARILLO) | CANTIDAD |
|----|--------------------|----------|
| | | 3 |

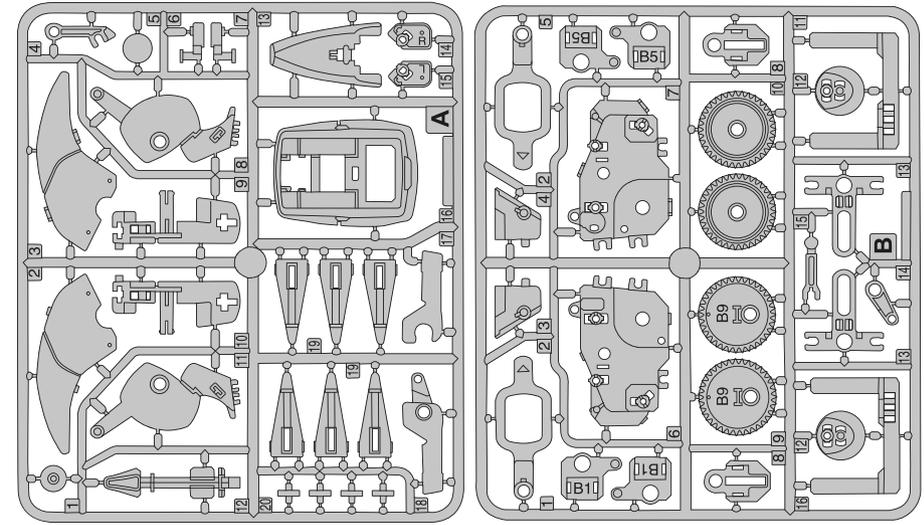

| P4 | ENGRANE (NARANJA) | CANTIDAD |
|----|-------------------|----------|
| | | 1 |

| P5 | EJE CILÍNDRICO | CANTIDAD |
|----|----------------|----------|
| | | 3 |

| P8 | ESPONJA | CANTIDAD |
|----|---------|----------|
| | | 2 |

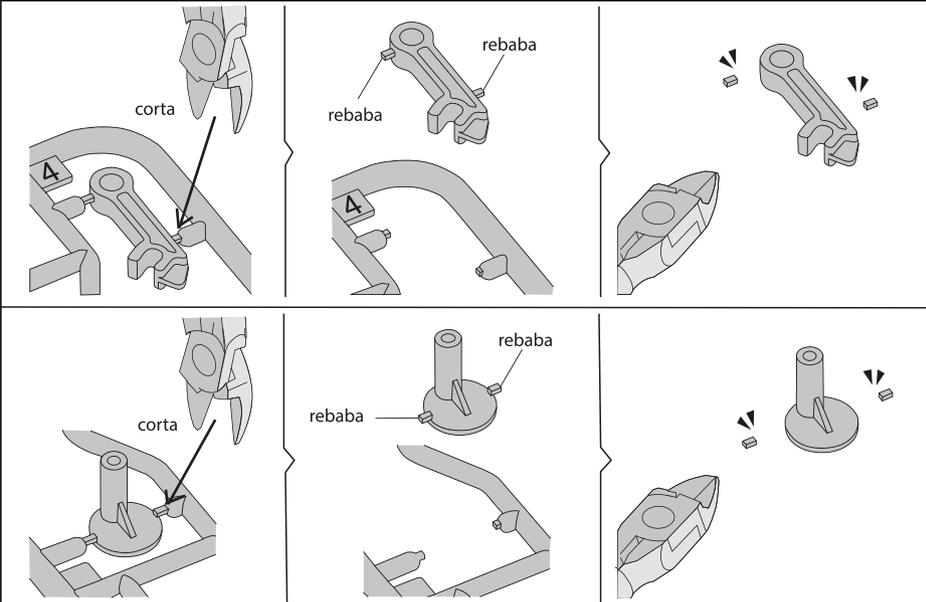

PIEZAS DE PLÁSTICO:

! Corta las piezas sólo cuando vayas a usarlas. Un adulto debe cortar las piezas de la rama.

CONSEJOS:

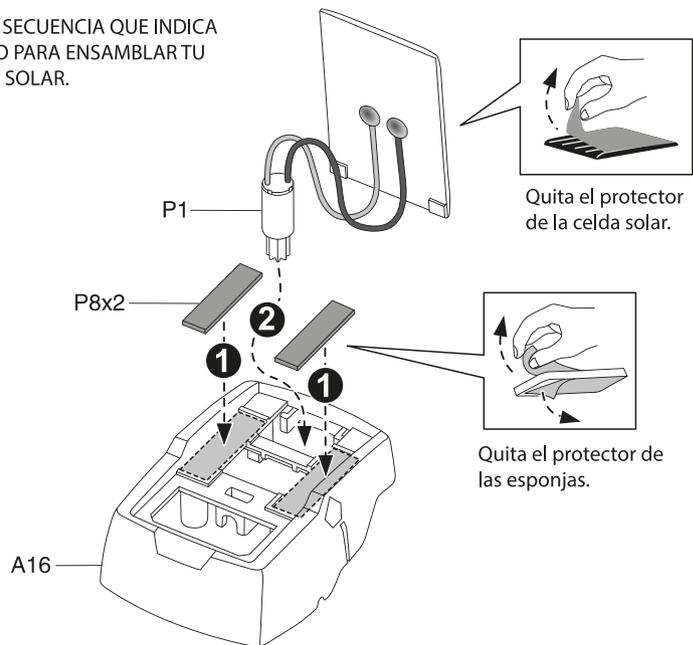

QUITA BIEN LAS REBABAS ANTES DE ARMAR TUS FIGURAS.

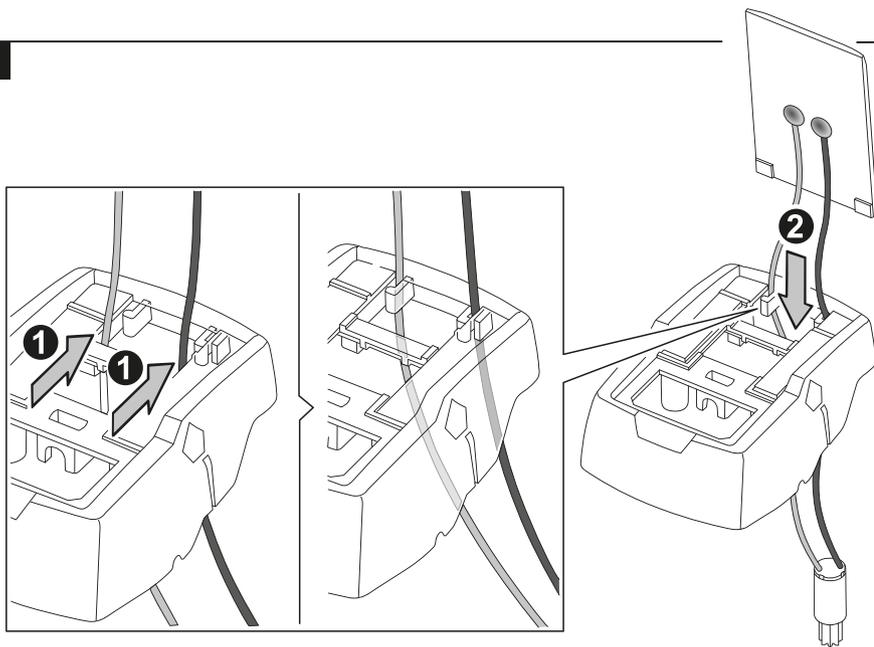

ARMA TU MÓDULO SOLAR:

1

SIGUE LA SECUENCIA QUE INDICA EL DIBUJO PARA ENSAMBLAR TU MÓDULO SOLAR.

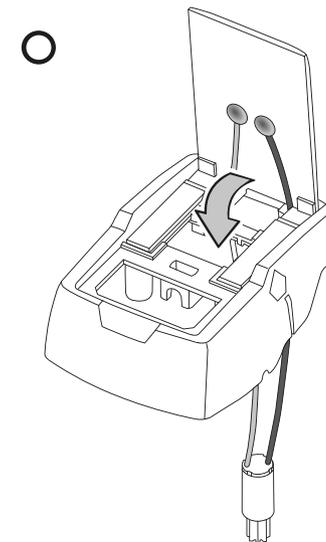

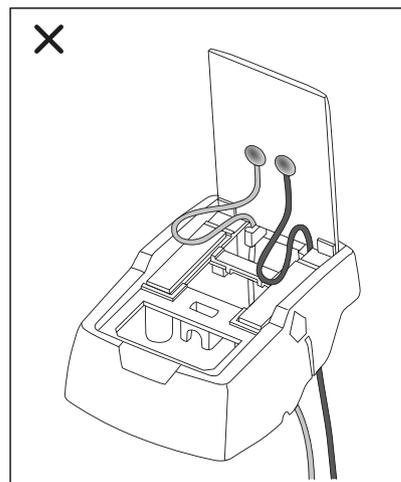

2

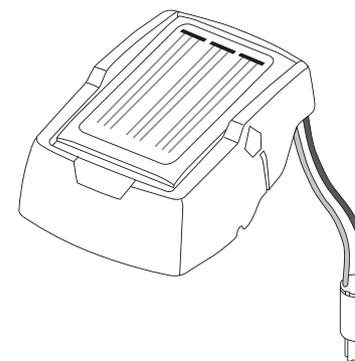

3

Cuida que los cables no estén doblados. Ya todo colocado cierra la tapa del módulo.

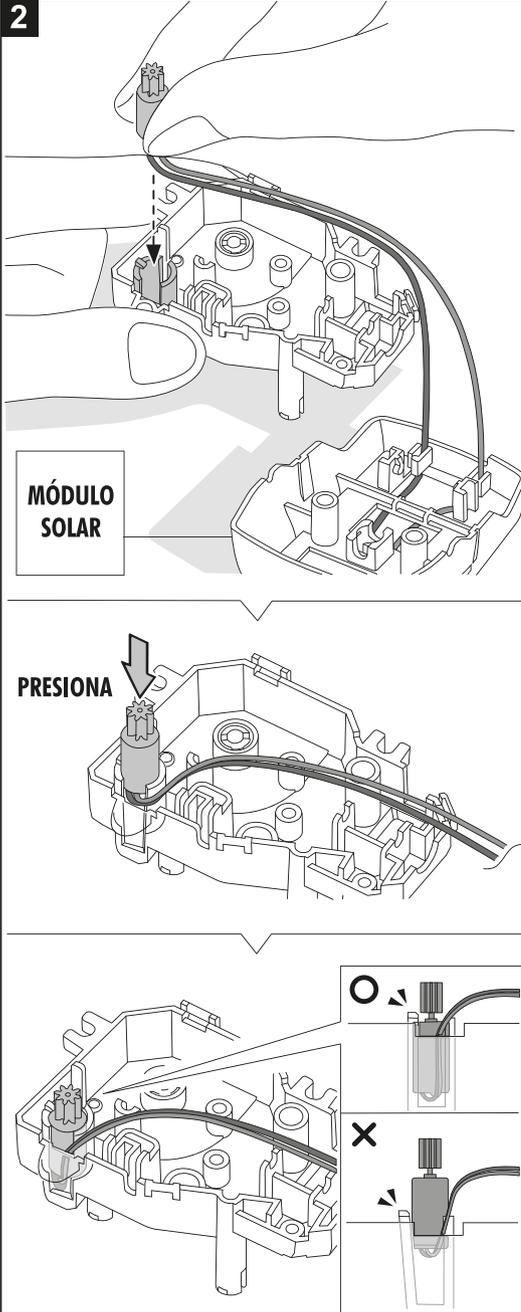

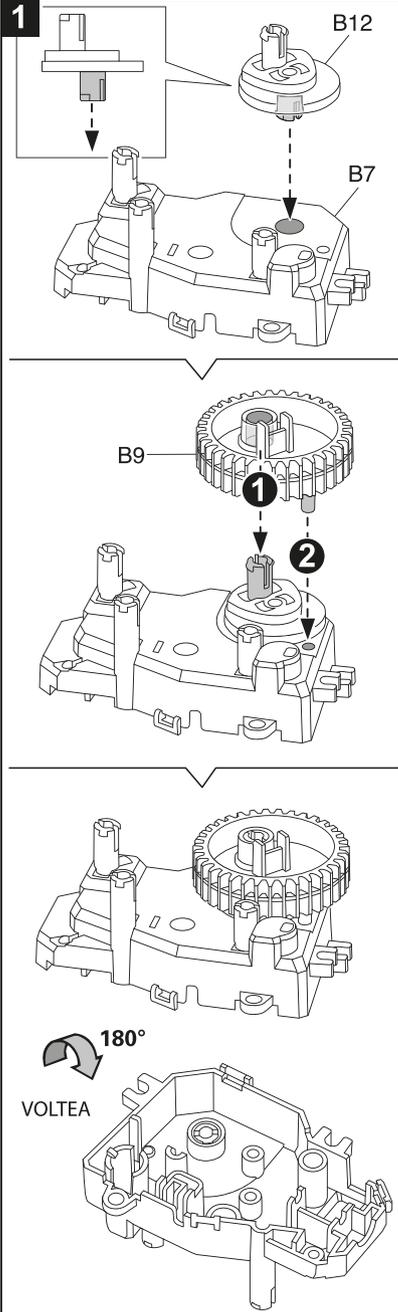

4

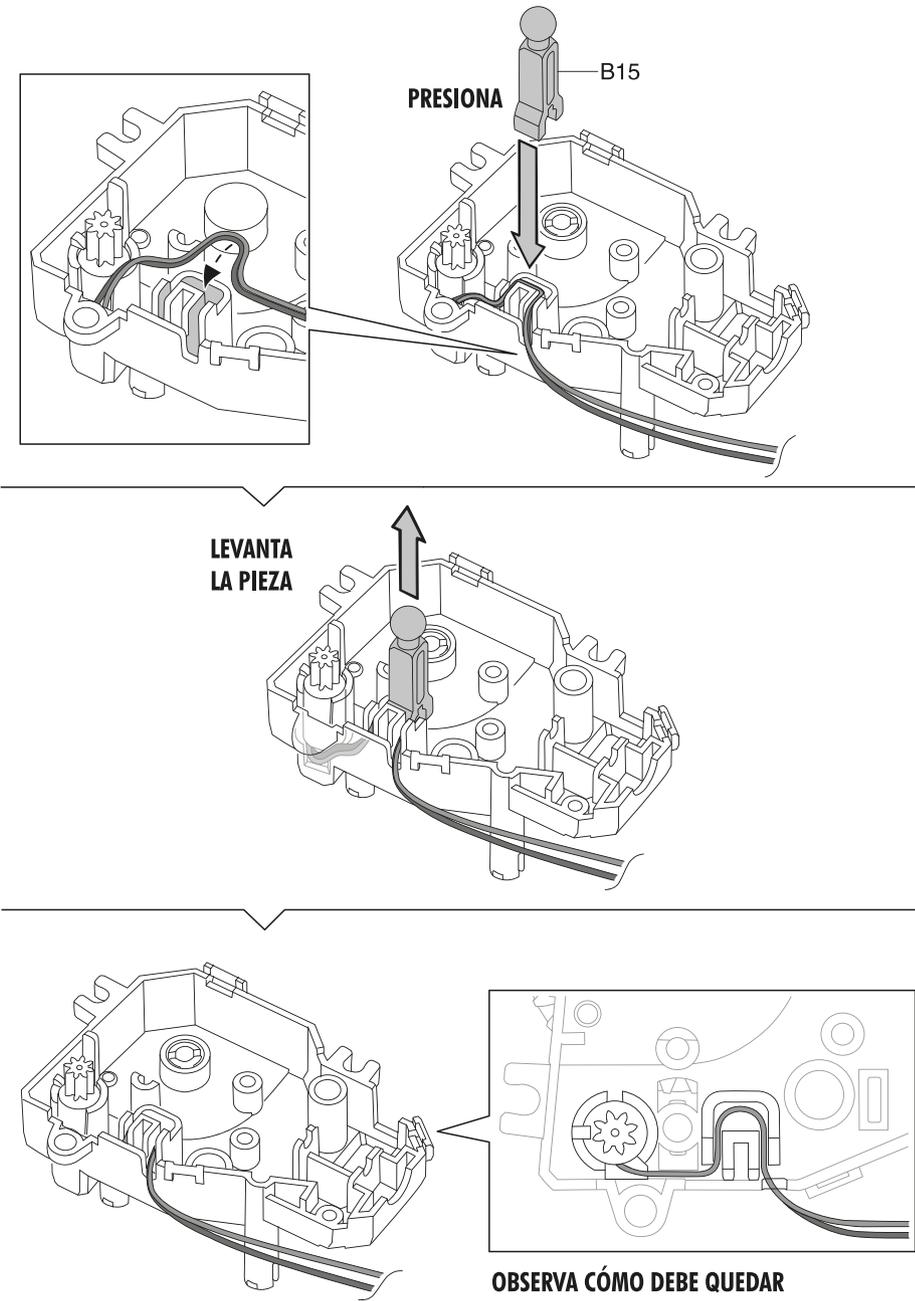

Módulo listo:

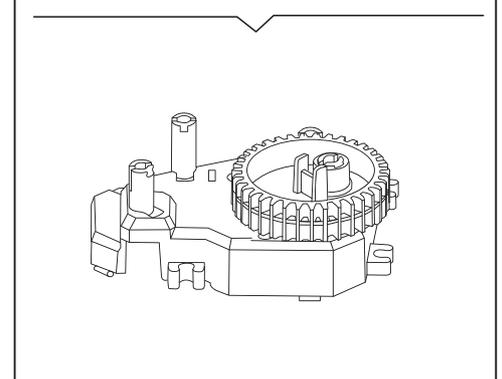

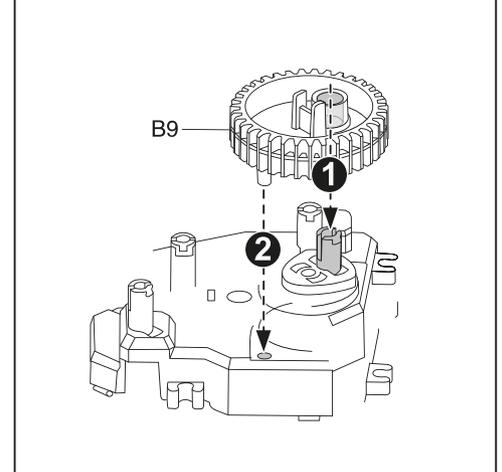

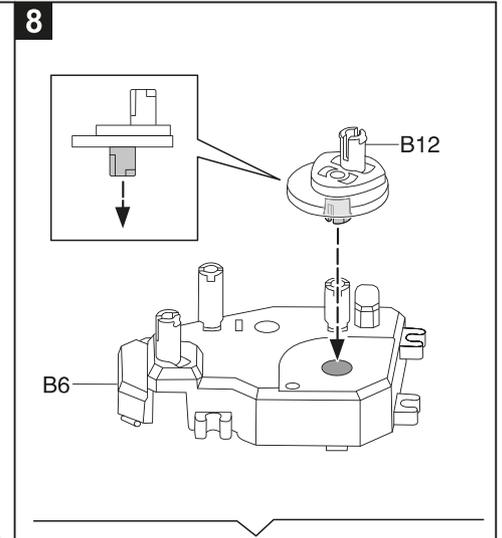

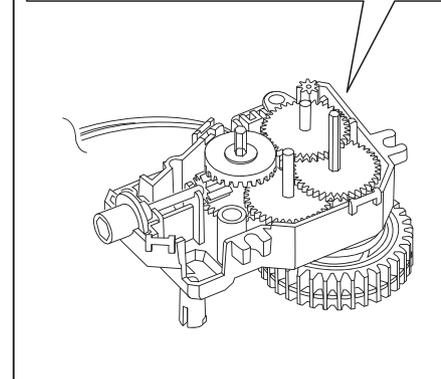

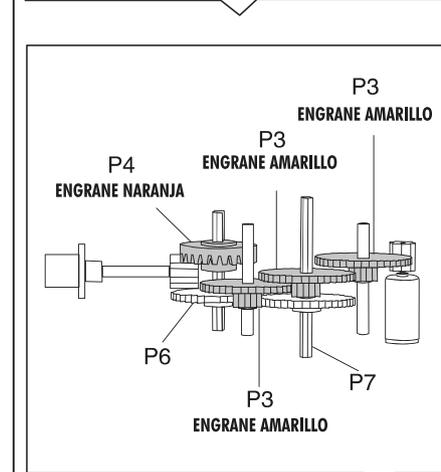

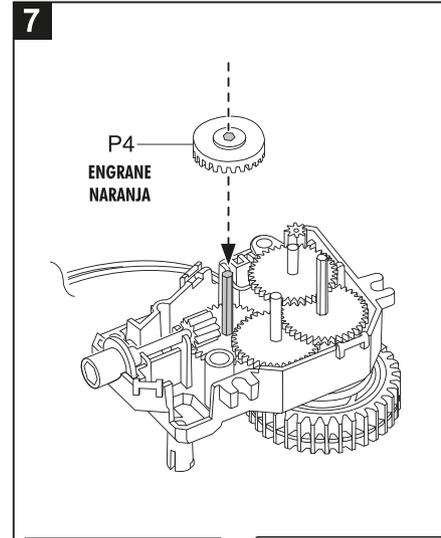

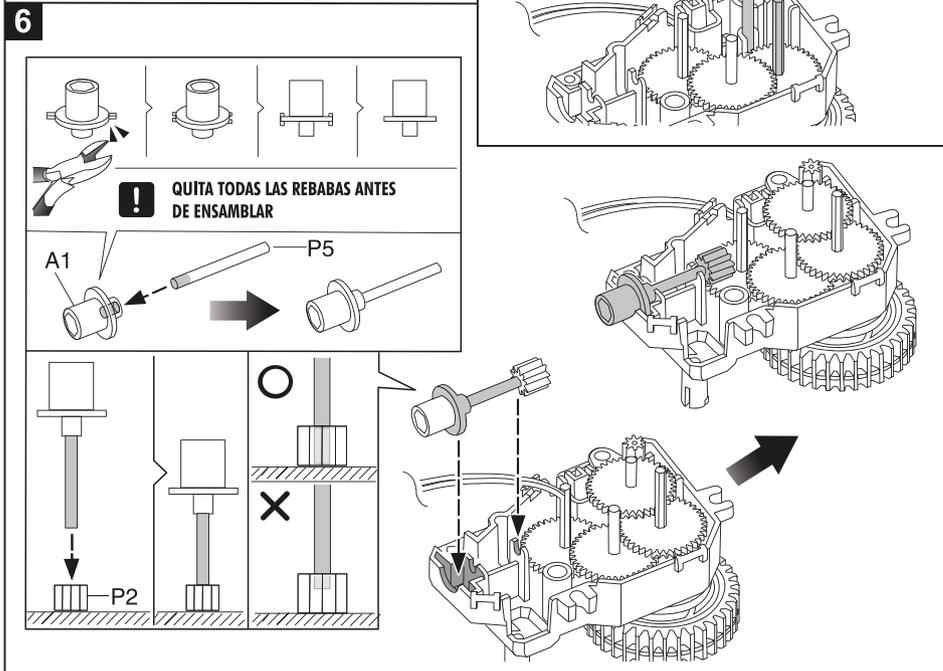

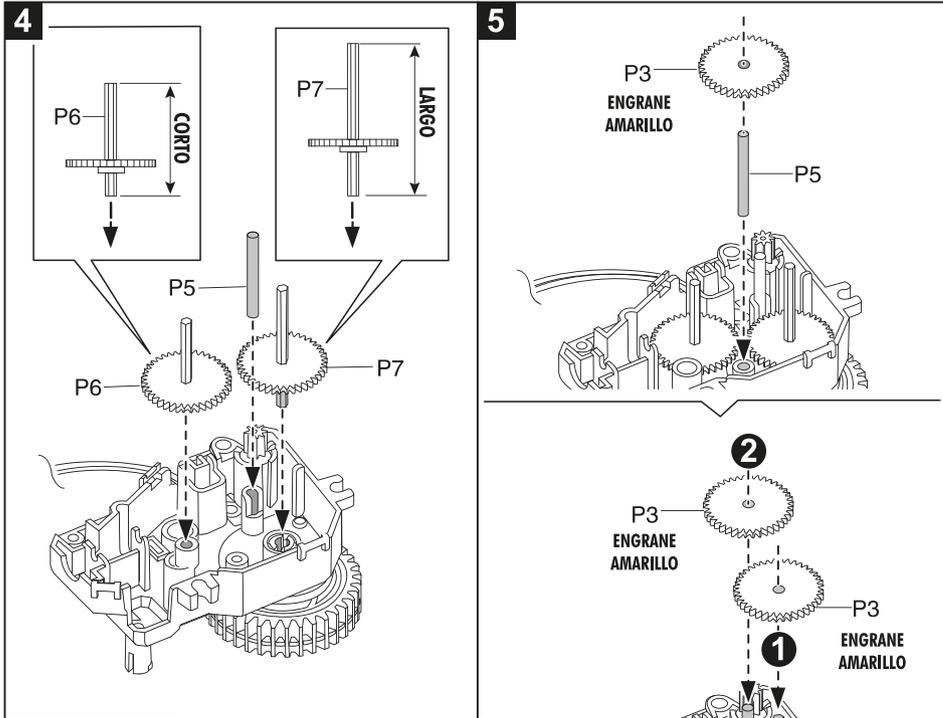

ARMA TU CAJA DE ENGRANES:

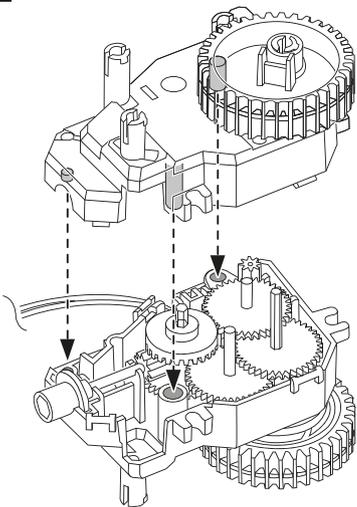

3 Usa la pieza "B15" para colocar los cables como se te indica en el dibujo.

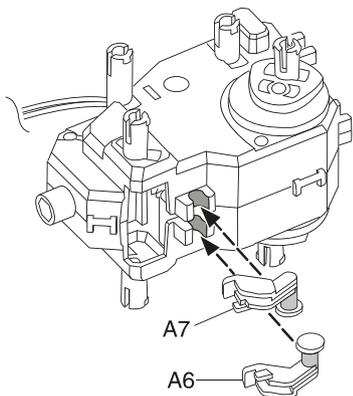

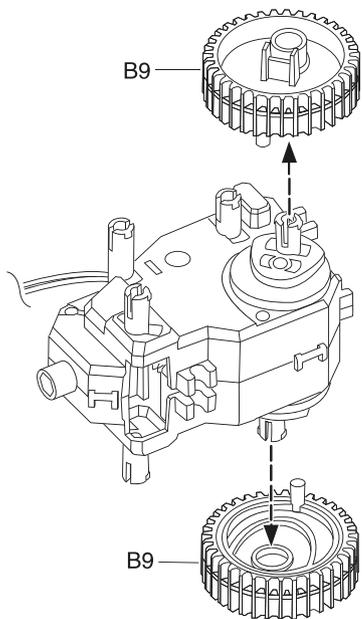

9

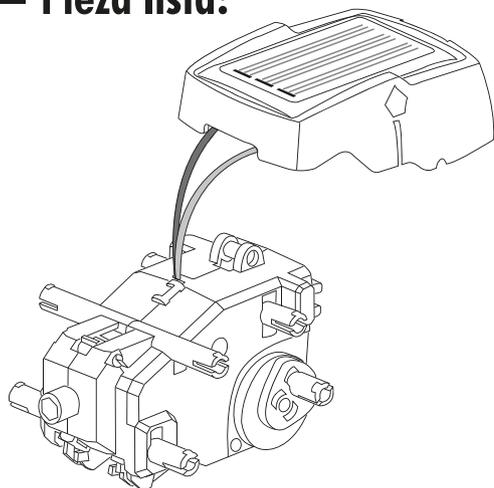

11

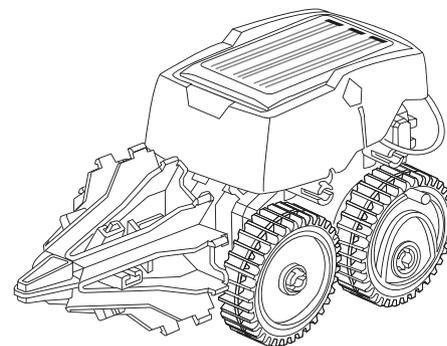

10 Pieza desmontable B9

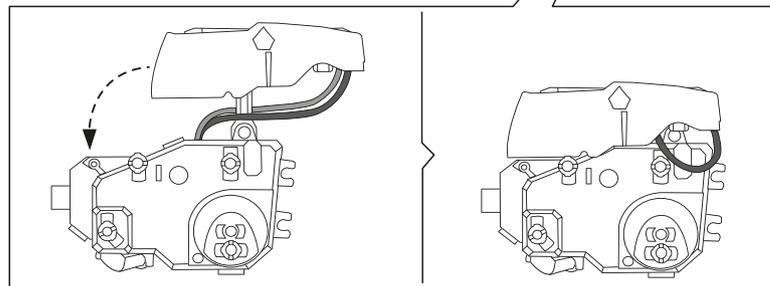

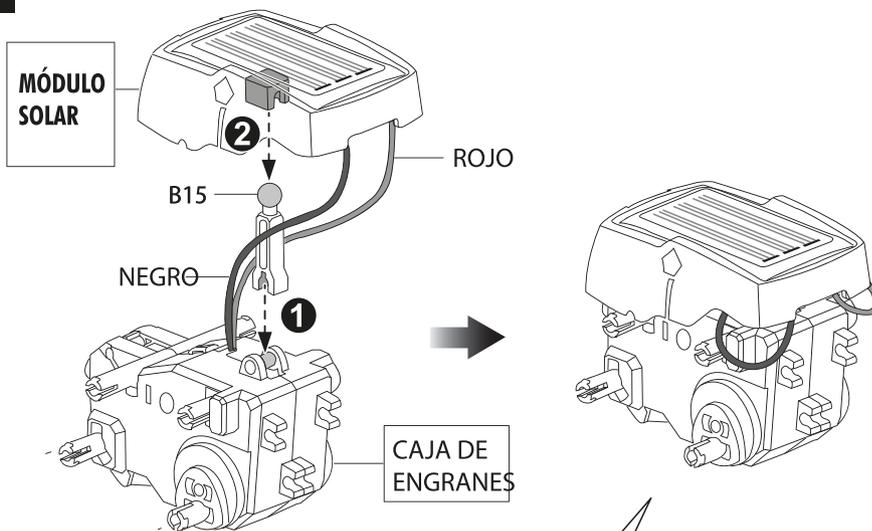

12 Pieza lista:

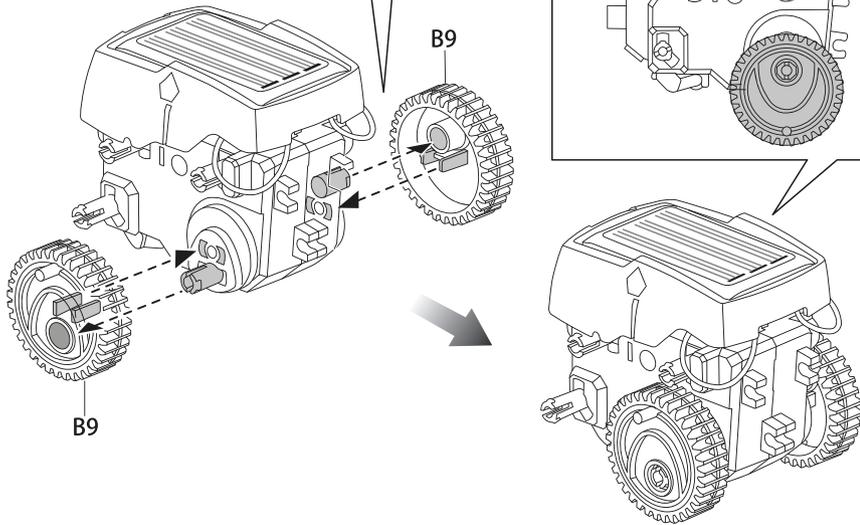

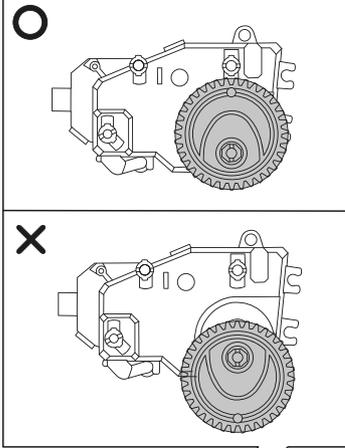

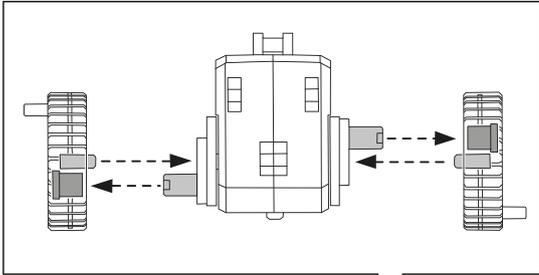

ARMA TU MAQUINA PERFORADORA:

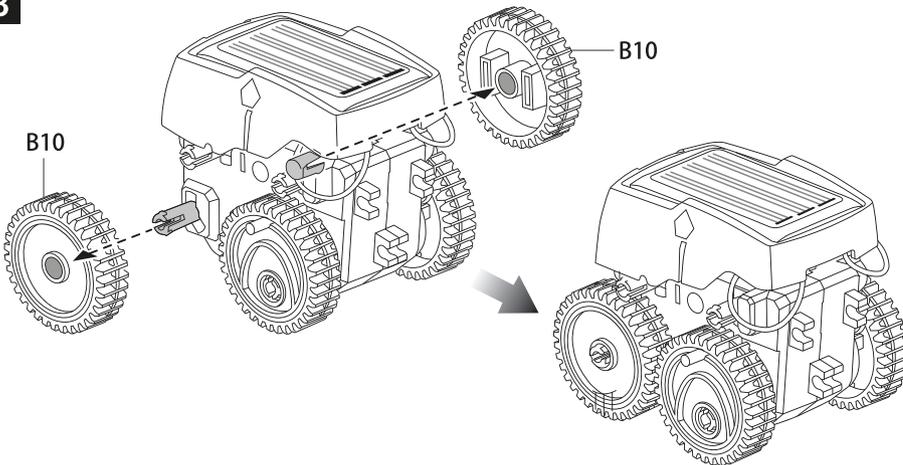

1

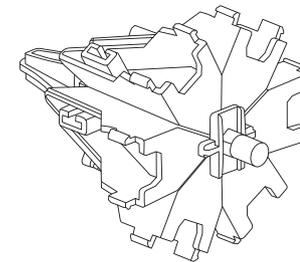

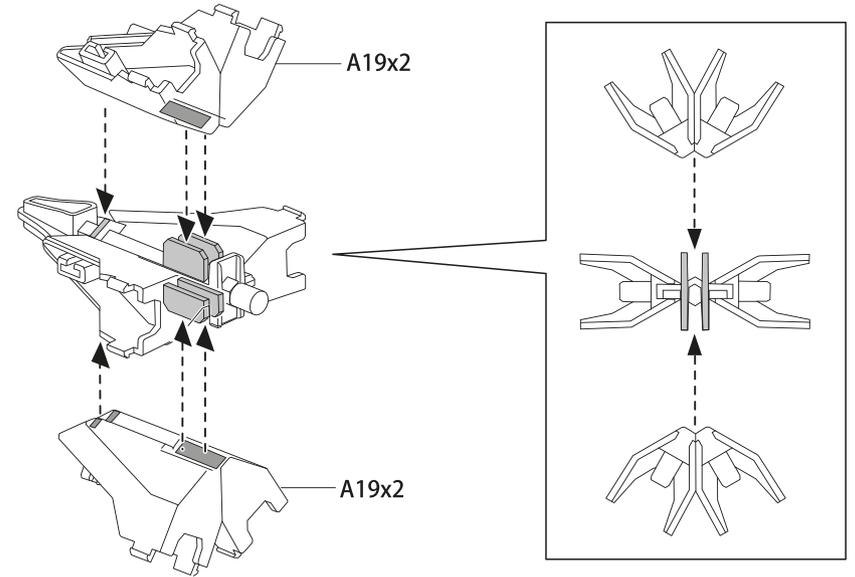

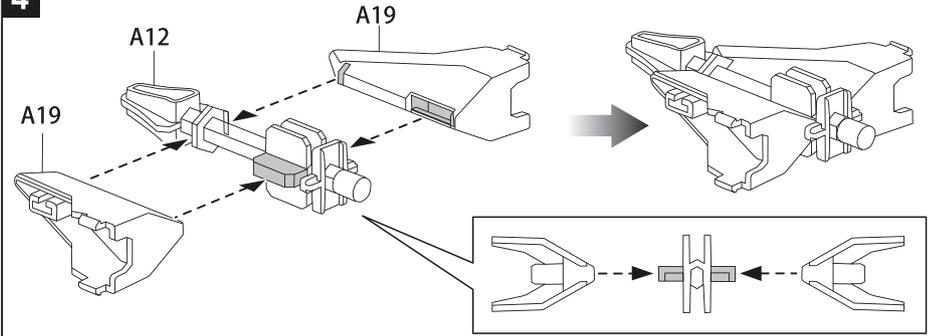

2

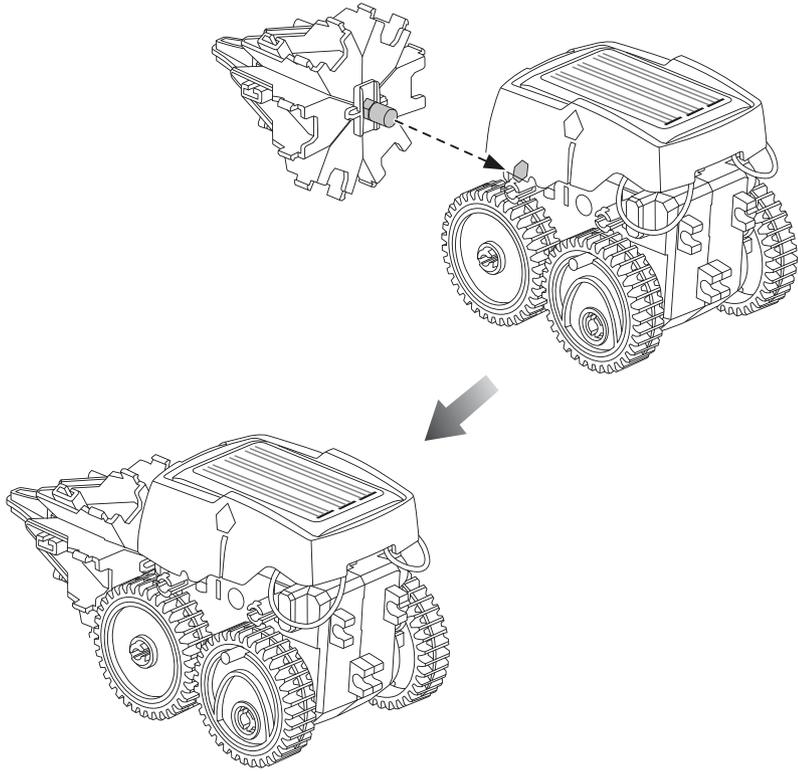

3

4

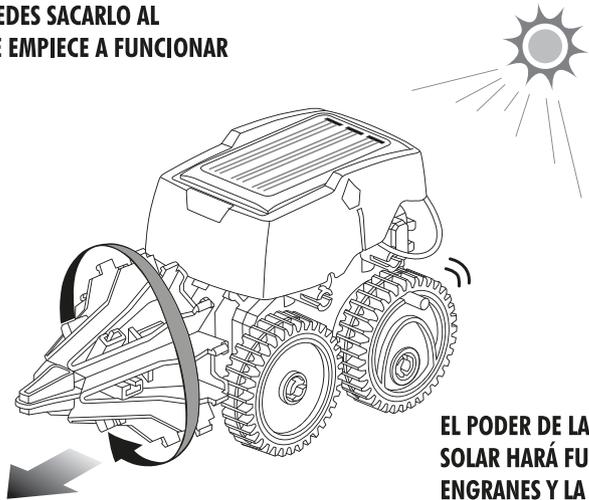

5

6

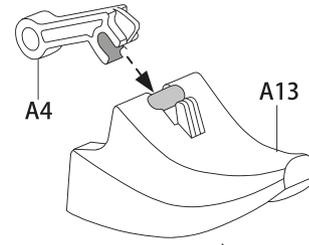

AHORA YA PUEDES SACARLO AL SOL PARA QUE EMPIECE A FUNCIONAR

EL PODER DE LA ENERGÍA SOLAR HARÁ FUNCIONAR LOS ENGRANES Y LA PERFORADORA GIRARÁ

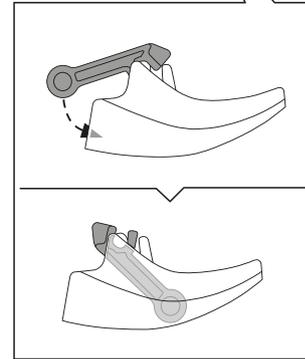

ARMA TU DINOSAURIO T-REX:

1

2

VISTA LATERAL

7

8

9

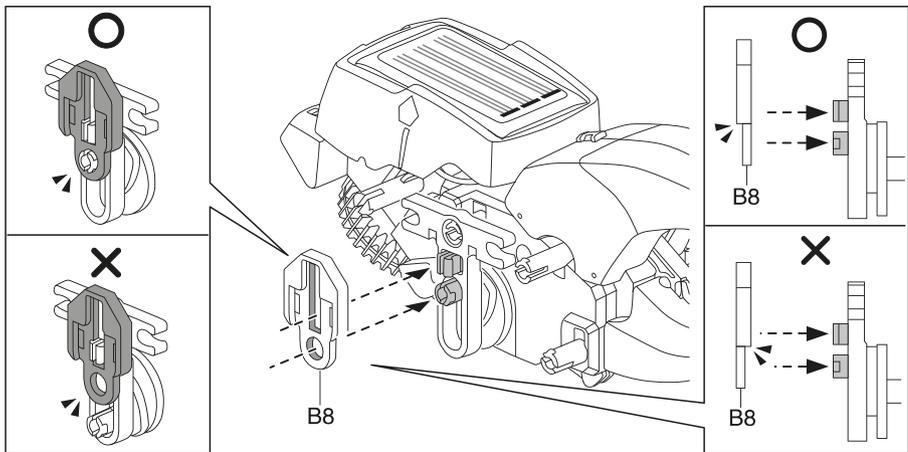

10

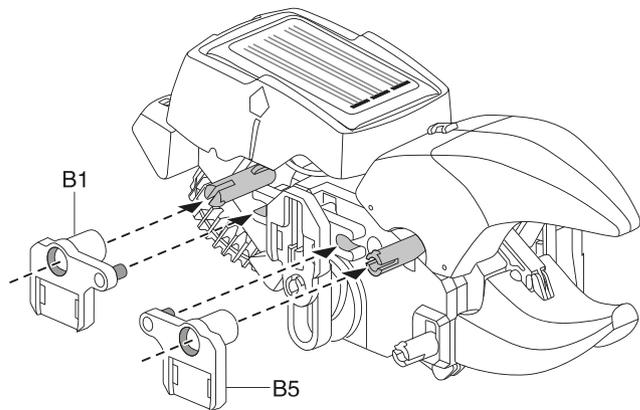

11

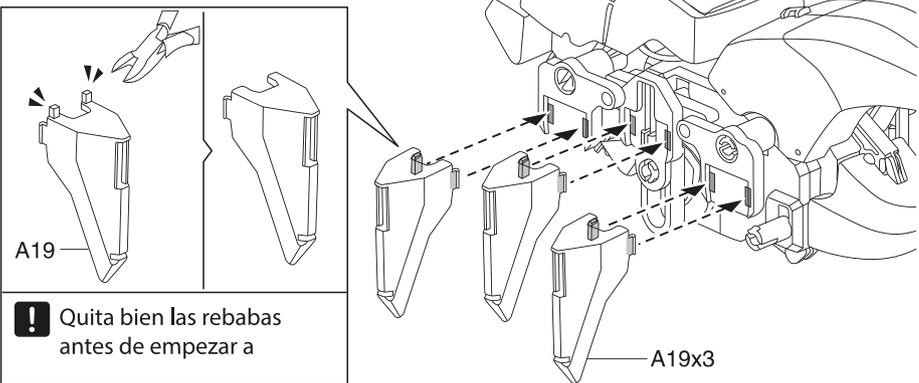

12

13

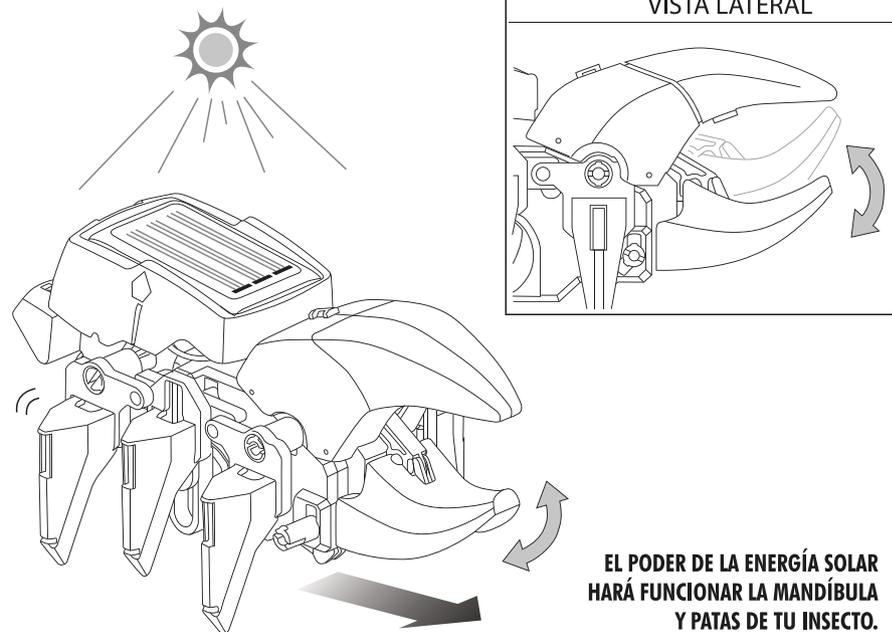

14

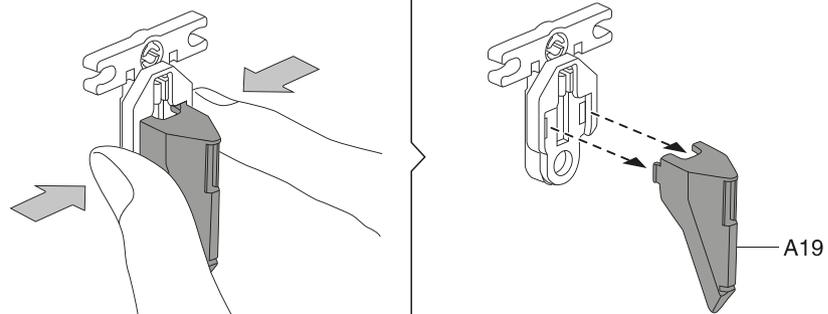

15

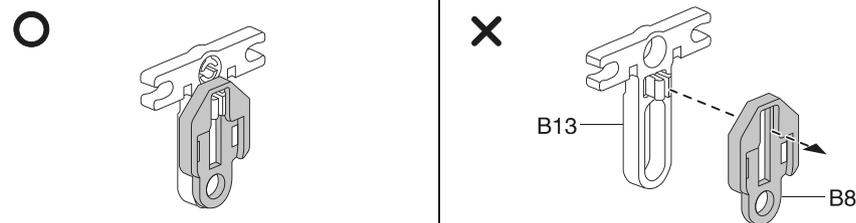

¡ HAZLO CORRER!

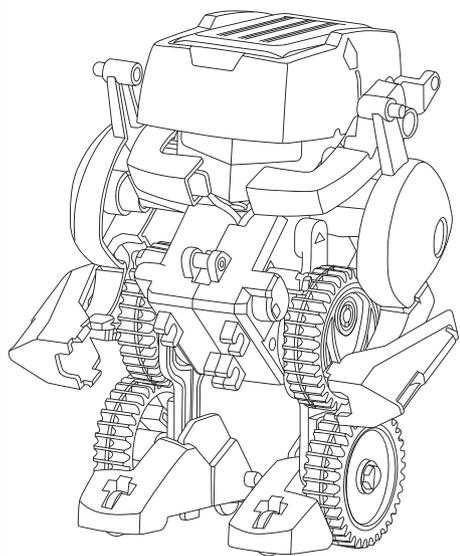

PARA DESARMAR:

¡ NO DESARMES!

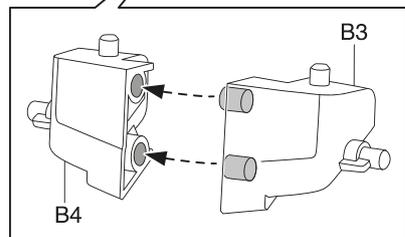

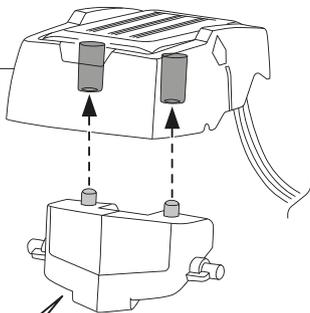

ARMA TU ROBOT:

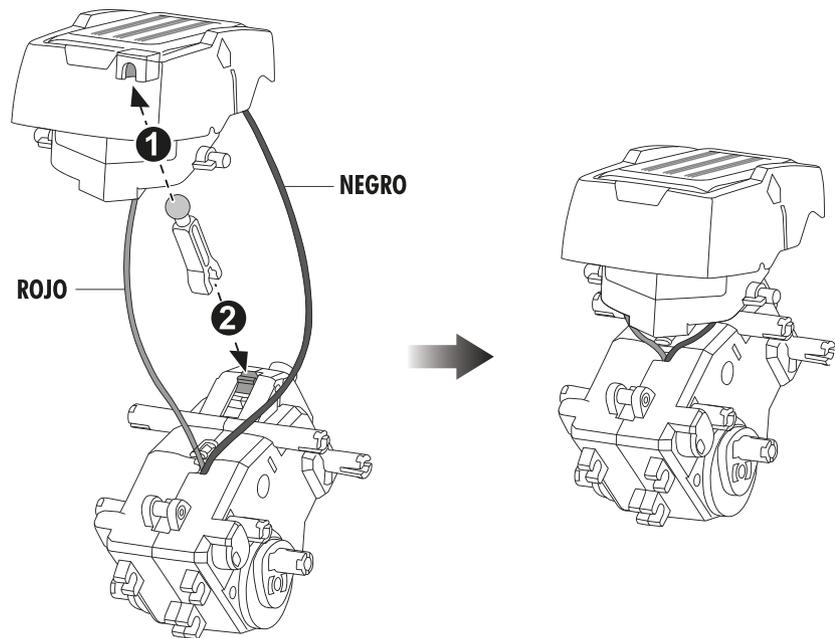

1

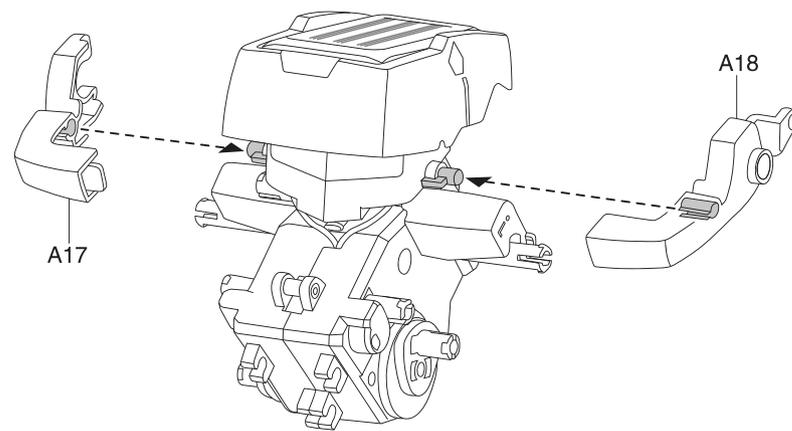

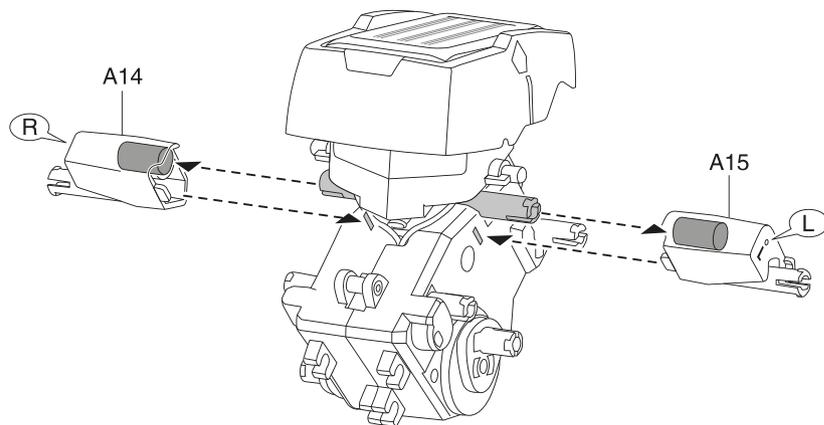

MÓDULO SOLAR

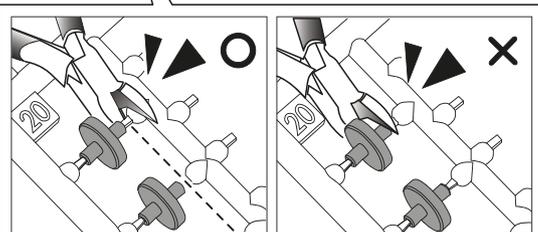

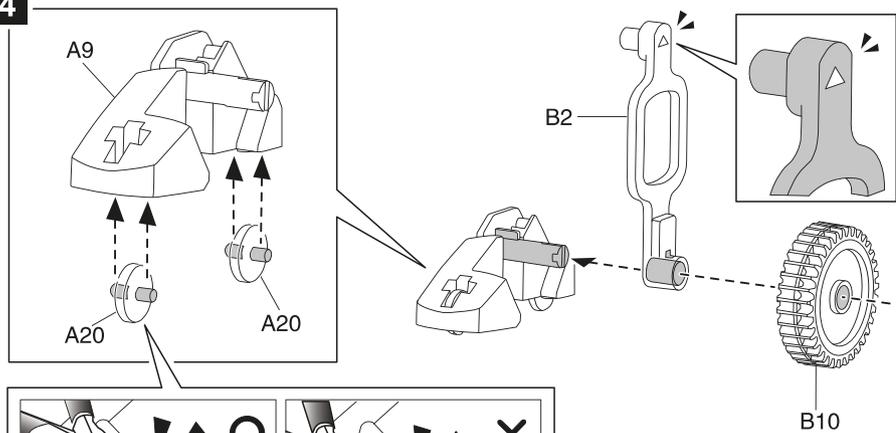

2

3

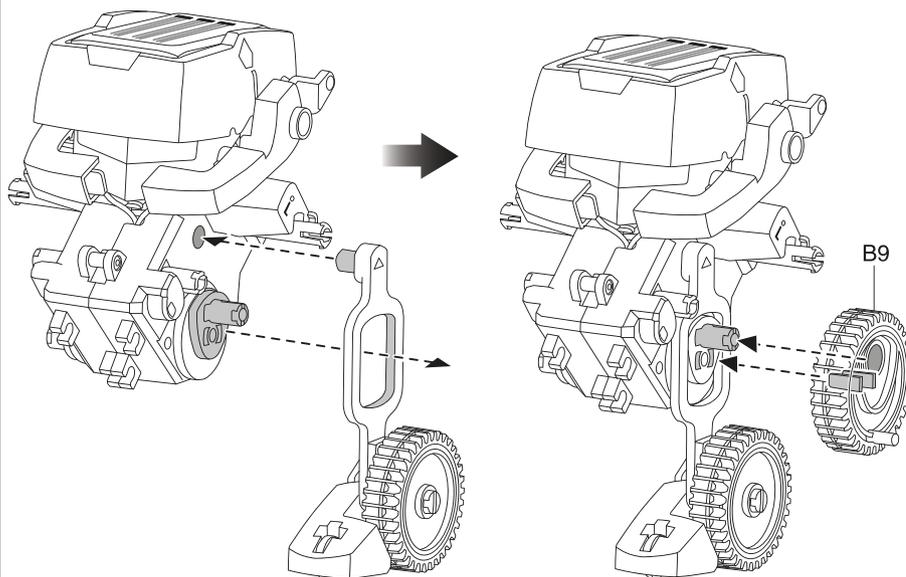

4

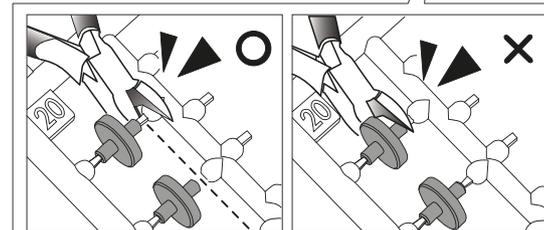

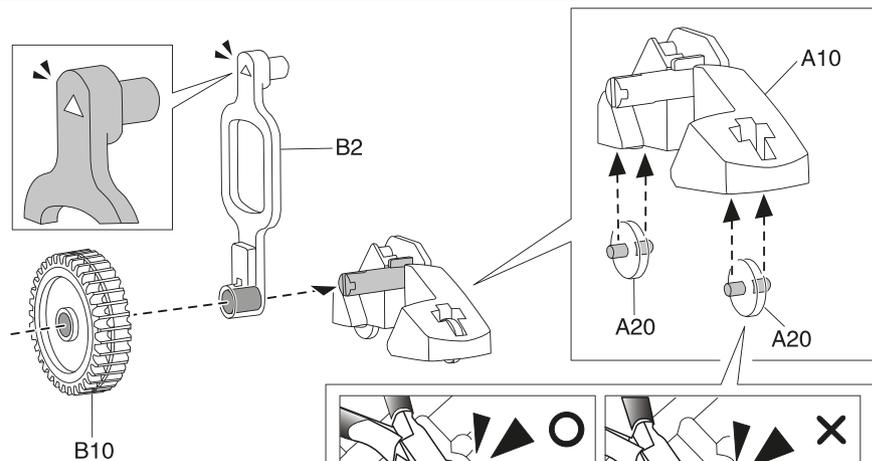

! Cuida de cortar de forma correcta las piezas antes de ensamblarlas.

5

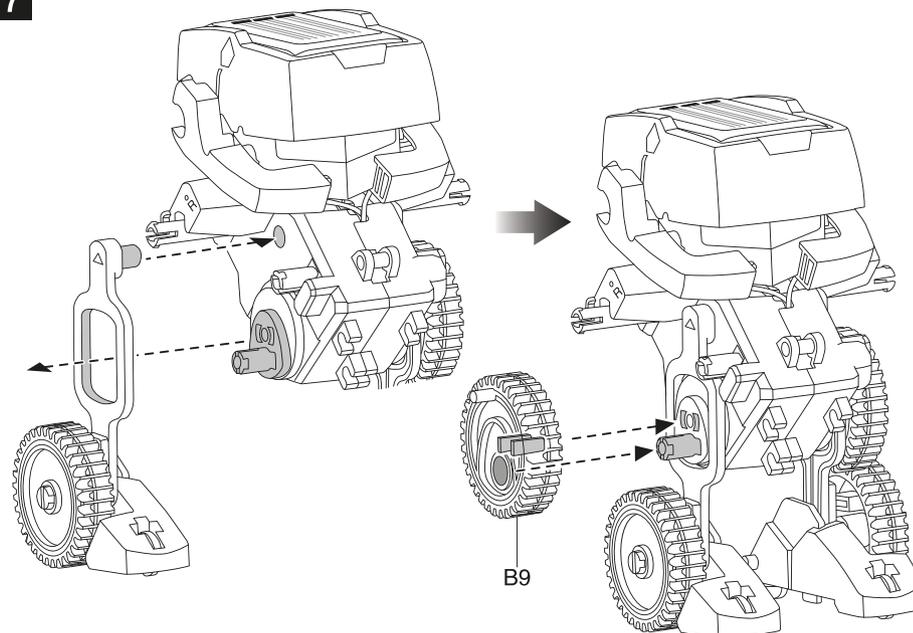

6

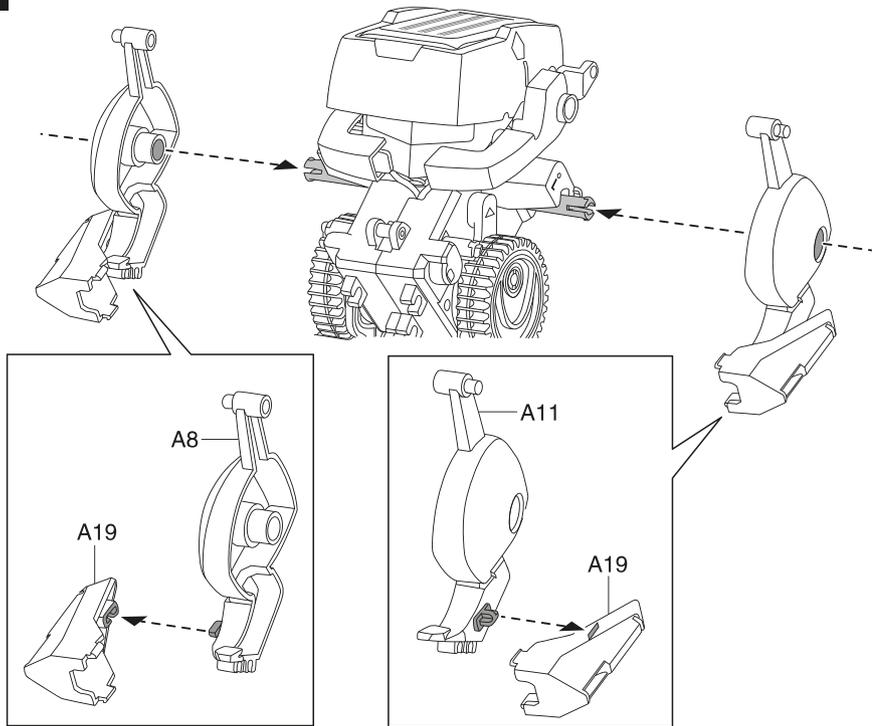

! Cuida de cortar de forma correcta las piezas antes de ensamblarlas.

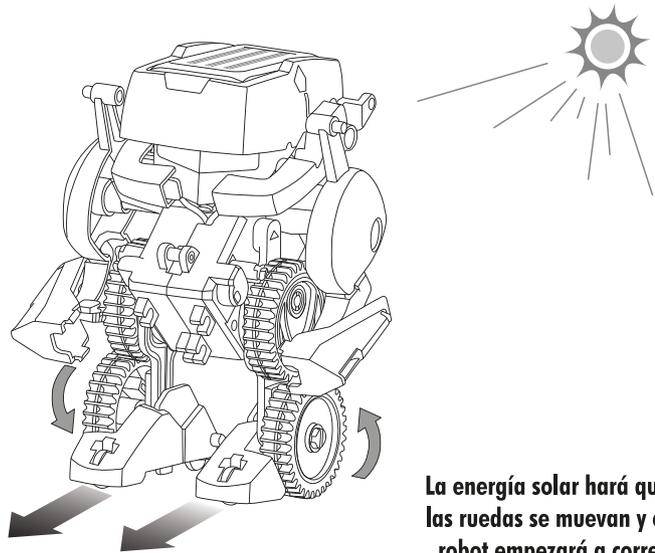

7

8

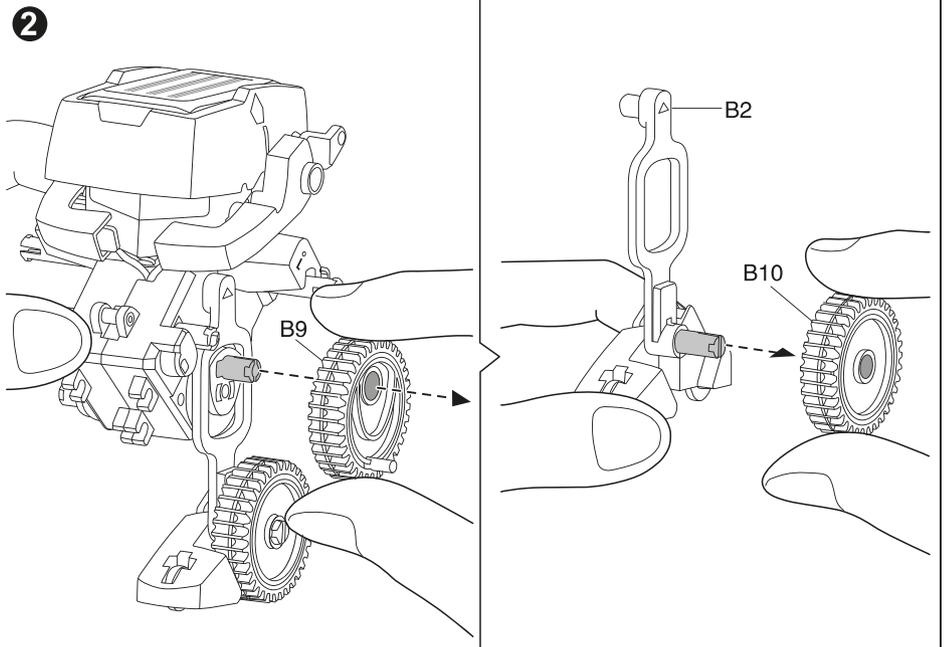

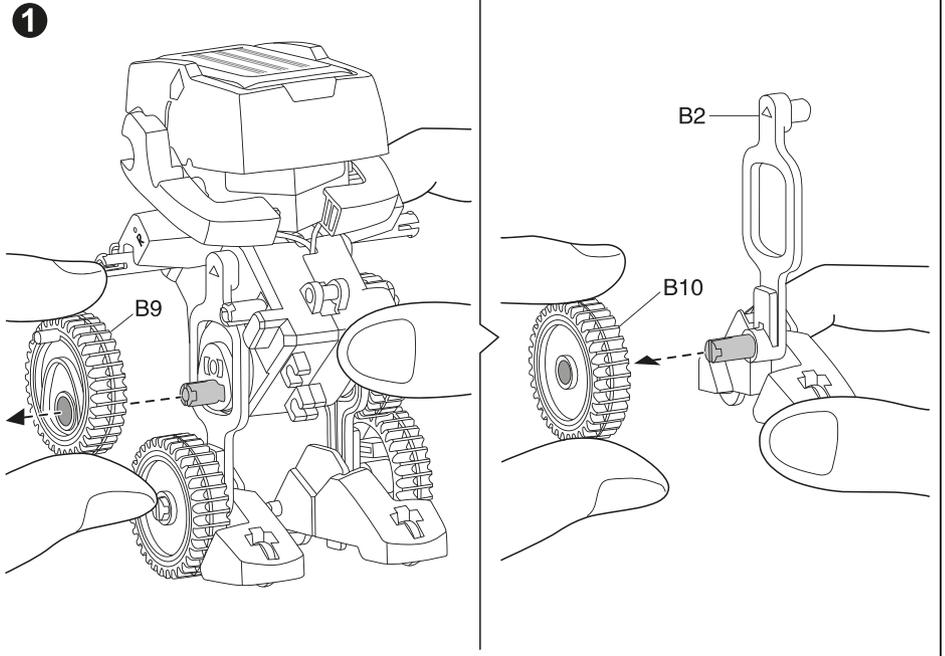

9 HAZ FUNCIONAR TU ROBOT

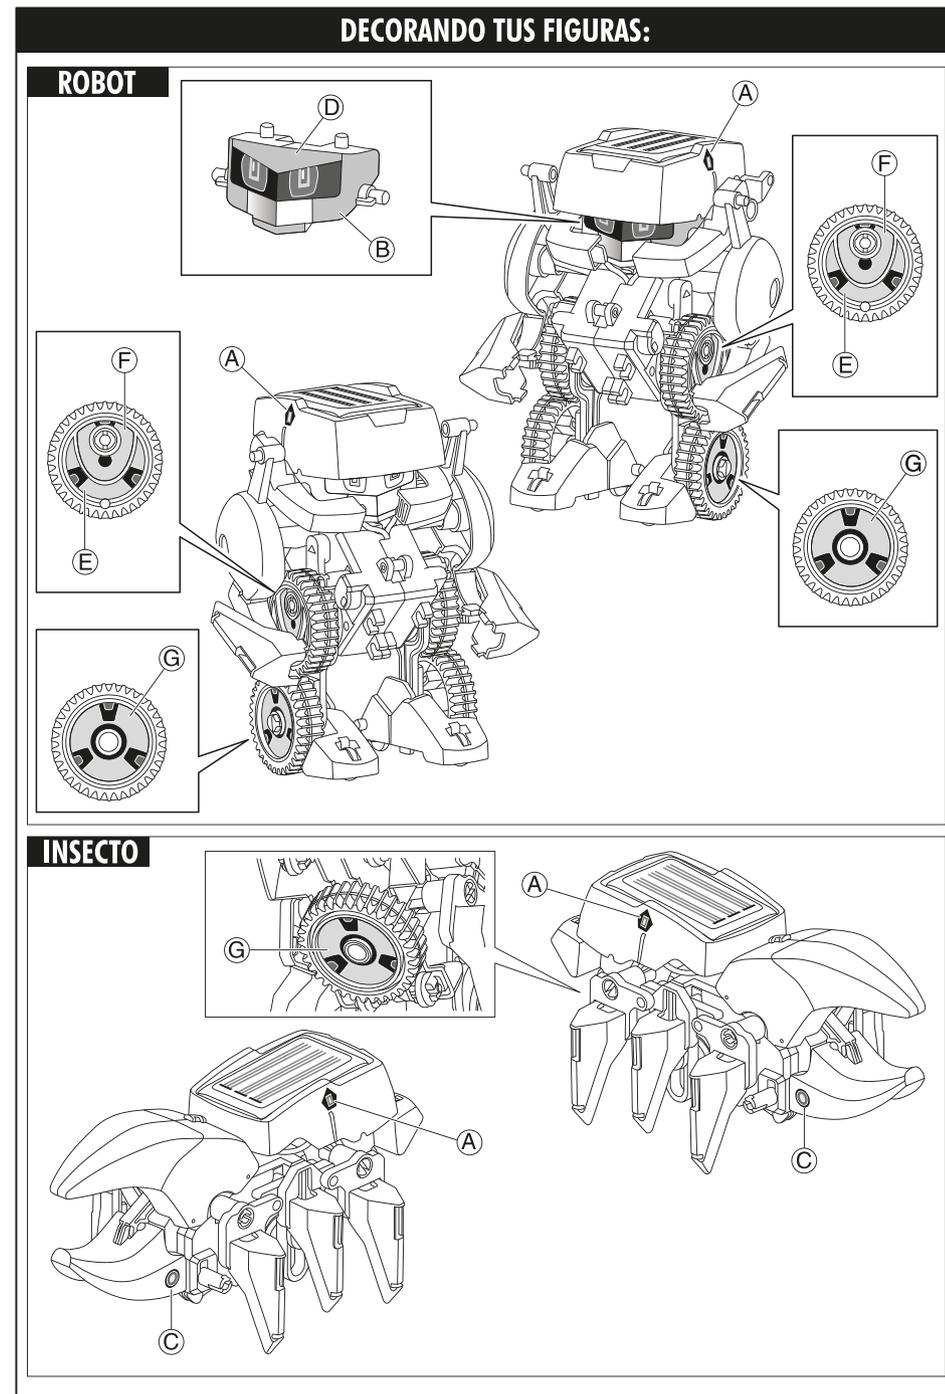

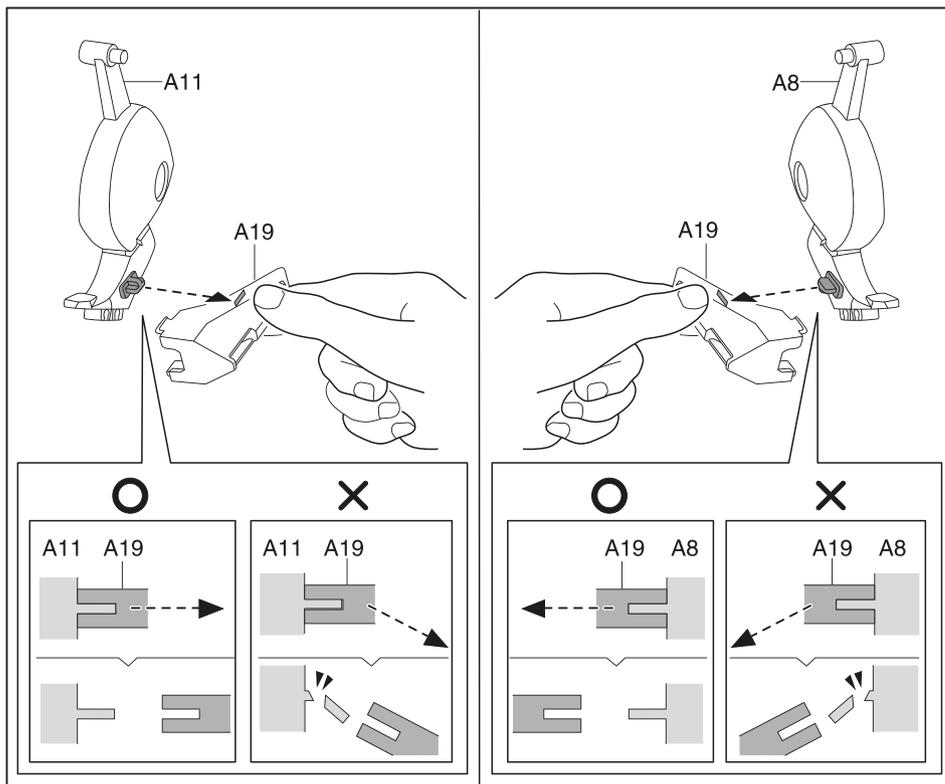

Para mejores resultados hazlo funcionar sobre una superficie lisa.

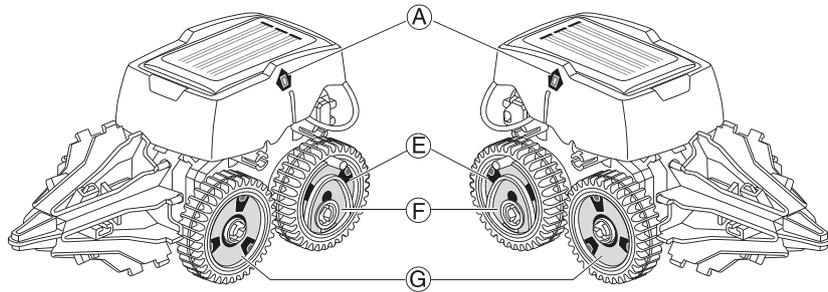

La energía solar hará que las ruedas se muevan y el robot empezará a correr.

PARA DESARMAR:

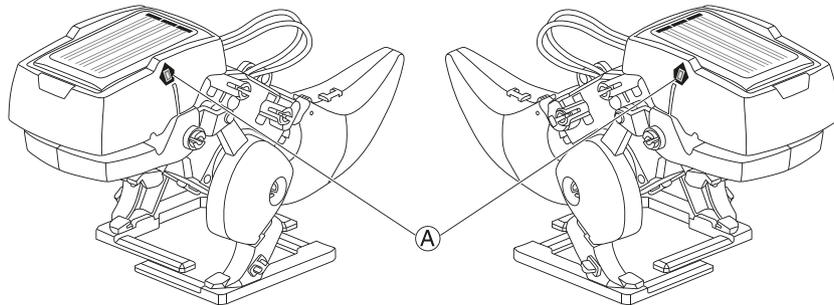

PERFORADORA

DINOSAURIO

¡ TIPS PARA MÁS DIVERSIÓN !

1. Juega con tus creaciones cuando haya luz de día, que la luz de sol esté iluminando directamente.
2. Para interiores, la diversión puede continuar si usas un foco de halógeno de 100 watts.
3. Tus figuras puede que no funcionen de forma correcta en días nublados, lugares muy oscuros, que la luz de sol no esté dando directamente o que esté en un lugar con luz fluorescente.
